Once a rider has qualified for their 250 Supercross license through the Road to Supercross, the rider has two competition seasons to apply for their license before having to re-qualify. For example, a rider that qualified for an AMA 250 Supercross license during the 2018 Arenacross/Supercross Amateur season may apply in 2019 or 2020. In order to apply for your AMA 250 Supercross license after you have acquired the necessary amount of points, go online at www.amasupercross.com and click on the Online Registration and Forms tab. If you have any questions, contact AMA Supercross Coordinator, Connie Fleming at cfleming@ama-cycle.org or 614-856-1910, ext. 1258.

Riders that currently hold or have held a Supercross license in the past three competition seasons are not allowed to compete in this class.

AMA licensed riders not competing in AMA sanctioned events for a period of three years may lose their prior classification.

Applicants renewing a license that has been expired for more than three years must meet the present requirements for a Supercross License. This requirement may be waived under special circumstances through an appeal made to the AMA.
