Re: Riders Apparel

Effective immediately for clarification of the current rules, modify the following rules as noted. A ~~strikethrough~~ denotes removal from the rulebook and **bold lettering** indicates new wording. The entire Riders Apparel rule is listed for reference.

1.18 Riders Apparel

- a. Riders must wear helmets at all times when riding on course.
- b. Helmets must be of the full-face type and conform to one of the following recognized standards. The helmet must have a label affixed certifying its approval.
 1. USA: Snell M 2005 or *M 2010* or **DOT FMVSS 218**
 2. UNITED NATIONS: Regulation ECE 2205 P'
 3. UK: BSI 6658 Type A
 4. Japan: JIS T 8133:2
- c. All helmets used by riders in competition must be equipped with the Eject® Helmet Removal System (formerly Hats Off). Riders will be responsible for ensuring that the device is properly installed and operable during all on track activities. Helmet removal devices and installation information are available from technical inspection at all AMA Supercross and FIM World Championship events.
- d. Face shields or goggles must be shatter resistant. Goggles must be worn at the start of each event.
- e. Boots must be at least 8 inches high.
- f. Devices solely designed for the purpose of reducing wind resistance may not be attached to the rider's apparel.
- g. Jerseys must be long sleeve. Short sleeves or $\frac{3}{4}$ sleeves not permitted. *Elastic cuffs may not be removed. Sleeves must be worn at full length (to the wrist) during competition.*
- h. Jerseys must be made of durable material that will protect the rider.
- i. Jerseys must have the rider's assigned number on the back.
- j. The rider's competition number must be displayed horizontally across the rider's back.
- k. The number on the rider's back must be a minimum height of 8 inches and a width of 1 inch.
- ~~l. Acceptable number styles are listed in the appendices.~~
- m. Numbers must be printed in a contrasting color from the jersey color surrounding the placement of the numbers.

- n. The number may be outlined. However, the color of the outlining must be in contrast to the jersey color as well as the number color. For example, a white jersey with orange numbers could use a black outline.
- o. Mylar numbers (silver, gold or other) are not allowed, as they do not meet the requirement of the numbers being of contrasting colors.
- p. All riders must display their last name on the back of their jersey at the shoulder line. ***This may be adjusted lower if a neck brace is worn. The name must be displayed just below the neck brace and visible at all times.***
- q. If a chest/back protector ***or neck brace*** is worn over the rider's jersey, the rider's ***entire*** name and assigned number must be visible either on the jersey or on the chest/back protector.
- r. ***All riders competing in the Supercross class must display the AMA Supercross League logo and FIM logo on the upper left front torso or left shoulder area of their jersey. The minimum size of the logo is 2½ inches wide by 2½ inches high. These logos must be visible at all times.***
- s. Riders competing in the AMA Supercross Lites Class must display the AMA ***Supercross League*** logo on the upper left front torso or left shoulder area of their jersey. The minimum size of the logo is 3 inches wide by 1¾ inch high. ***The AMA Supercross League logo must be visible at all times.***
- t. If the rider uses a chest/back protector, the logo must be located in the center front on the chest/back protector. This is in addition to the logo located on the jersey.
- u. Pants must be full length and made of a material that will help protect the rider.
- v. Riders must present a clean and neat appearance.
