2020 Road to Supercross Update

Due to the cancellation of the remaining 2020 Supercross Futures rounds, including the 2020 Supercross Futures AMA National Championship, the following modifications have been made to the Road to Supercross. **Please note this update is only for the 2020 points-earning season.**

Requirements:

- Four points required to earn license
- 250cc Futures points will be earned in a continuous 24-month period

Previous races now count for:

- Top 20 overall riders in the SX Futures class from the 2019 Monster Energy Cup earn **2 points**
- Top 20 overall riders in the 250cc A class from the 2020 Daytona Ricky Carmichael Amateur Supercross earn **2 points**
- Top 20 overall riders in the 250cc Pro Sport class from the 2020 Monster Energy AMA Amateur National Motocross Championship earn **2 points**

Upcoming event will provide Road to Supercross points:

- Top 20 overall riders in the 250cc A and 250cc Pro Sport classes at the 2020 Thor Mini O's will earn **2 points** (SX only)

Riders who have qualified for a 250cc Supercross license through the Road to Supercross have two competition seasons to apply for their licenses before they will have to requalify. For example, a rider who qualified for a 250cc Supercross license during the 2020 Supercross Futures season may apply in 2021 or 2022. To apply for your AMA 250cc Supercross license after you have acquired the necessary number of points, go to amasupercross.com and click on "Online Registration" and the "Forms" tab.

If you have questions, contact AMA Supercross Coordinator Connie Fleming at cfleming@ama-cycle.org or (614) 856-1910 ext. 1258.

AMA-licensed riders not competing in AMA-sanctioned events for a period of three years may lose their prior classification.

Applicants renewing a license that expired more than three years ago must meet present requirements for a Supercross license. This requirement may be waived under special circumstances through an appeal made to the AMA.

For more information, see "Supercross License Regulations" in the [2020 AMA Supercross rulebook](#).
