Riders who have qualified for a 250SX license through the AMA Road to Supercross have two competition seasons to apply for their licenses before they will have to requalify. For example, a rider who qualified for a 250SX license during the 2021 Supercross Futures season may apply in 2022 or 2023. To apply for a 250SX license, after acquiring the necessary number of points, go to amasupercross.com and click on "Online Registration and Forms" tab.

If you have questions, contact AMA Supercross Coordinator Connie Fleming at cfleming@ama-cycle.org or (614) 856-1910 ext. 1258.

AMA-licensed riders who have not competed in AMA-sanctioned events for a period of three years may lose their prior classification.

Applicants renewing a license that expired more than 3 years ago must meet present requirements for a Supercross license. This requirement may be waived under special circumstances through an appeal made to the AMA.

For more information, see "Supercross License Regulations" in the 2021 Monster Energy AMA Supercross, an FIM World Championship, rulebook.
